

### OrganiQ

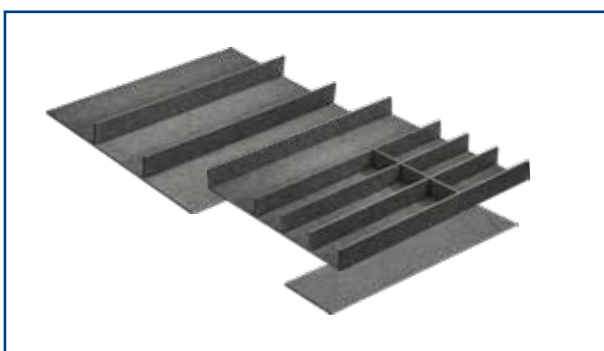

A sustainable alternative to wood OrganiQ is a combination of fast growing renewable grass fibres native to the region with a water based formaldehyde and phenol-free binding agent. While solid wood does store greenhouse gases and is biodegradable, not enough wood is growing back in the world to meet the rising demand. From Kessebohmer creating OrganiQ the global timber resources are not put under any additional strain.

OrganiQ tray for 400 - 500 cabinet widths			
Width	Depth	Height	Art No.
260 - 460 *	472	72	K9201OG
* = min / max inside clear width inside the drawer			

OrganiQ tray for 600 cabinet widths			
Width	Depth	Height	Art No.
385 - 610 *	472	72	K9202OG
* = min / max inside clear width inside the drawer			

OrganiQ tray for 700 - 1000 cabinet widths			
Width	Depth	Height	Art No.
580 - 935 *	472	72	K9203OG
* = min / max inside clear width inside the drawer			

## Cross-shaped divider

Width	Depth	Height	Art No.
137	472	37.5	K9205OG

Suitable for Cabinet Widths  $\geq$  600

## Spice Insert

Width	Depth	Height	Art No.
137	472	26	K9168OG

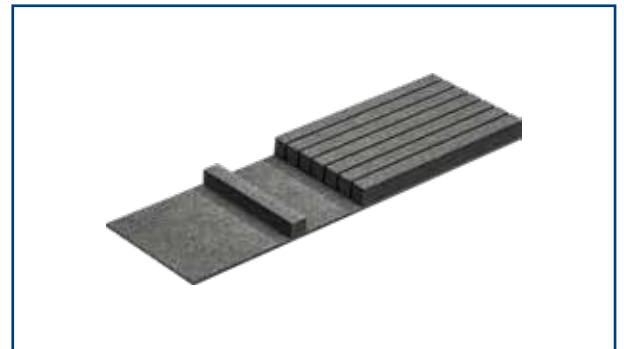

Suitable for Cabinet Widths  $\geq$  600

## Knife Block

Width	Depth	Height	Art No.
137	472	26	K9169OG

Suitable for Cabinet Widths  $\geq$  600

## Foil Dispenser

Width	Depth	Height	Art No.
137	472	49	K9210OG

\* = min / max inside clear width inside the drawer

## Box with grip holes

Width	Depth	Height	Art No.
236	236	120	K9171OG

Suitable for Pot Drawers
